March 19, 2019

Hello Everyone,

We are happy to announce a new system in delivering the required seizure training. Our goal is to provide a more efficient way to ensure everyone can complete the required training in an appropriate amount of time through convenience. With that said, we are going to need your help to ensure the program is effective.

Attached, you will find a list of steps. You will need to complete the stages in the format listed. This will confirm that all phases were performed accurately. There are two surveys included which will need to be completed. They are not graded but will allow us to rank current knowledge in comparison to the knowledge gained. The polls are tools to help us determine the information was relayed in an applicable way.

All portions must be completed by April 6<sup>th</sup>. The time frame allows a period for everyone to complete the training. Remember, our goal is to relay vital information to assist you with potential risks you may encounter on the job.

If you have any questions or concerns, please reach out to Charlene Davis. We will be happy to help answer any question you have.

Respectfully,

Charlene Davis, ABA  
Director

### **Step 1- Pretest Survey**

This tool will allow us to measure your current knowledge, so we can compare to the final knowledge gained.

### **Step 2- Seizure Video**

After taking pretest survey, use this link to watch the first part of the seizure training video. There will be a stopping point which will direct you to quiz 1.

### **Step 3- Quiz 1**

Take this quiz after watching the first portion of the video. Then go back to finish the training video.
